

ABOUT TRUFOOD

We're an on-site restaurant company offering café and catering services to De La Salle High School.

We pride ourselves on delivering new and creative alternatives to classic food items. We draw from local foods in the area and provide authentic and culturally diverse foods daily. All created with an experienced and critical eye for freshness and taste.

Our goal is to impart the value of eating healthy all day long. Starting with Made-to-Order breakfast options, Full Café Lunch options, Grab-and-Go's for after school events/practices and healthy vending machine items to choose from as well.
